

The South Jersey School of Etiquette's focus is on socialization and dining skills for girls and boys grades 1st thru 12th. The primary goal is to help develop self confidence in our youth and build strong adults for the future. Our program is designed to educate, demonstrate, and practice around the fundamentals of proper behavior in areas such as dining etiquette, business etiquette, social skills and correspondence, personal fitness and fashion. This type of learning and practice experience will enhance the growth and development of our youth whereby they will have the skills, self confidence, and ability to successfully manage their daily activities.

General etiquette will provide an invaluable addition to our youths self development and education.
